

County of Peterborough Active Transportation Master Plan Notice of Public Information Centre No. 2

The County of Peterborough is proceeding with the development of a region-wide Active Transportation Master Plan (ATMP) to increase awareness and provide improved facilities for alternative (active) modes of travel. Active transportation refers to all human powered or non-motorized modes of travel.

The ATMP's Vision is to promote leadership and community partnerships that make the County of Peterborough a healthy, prosperous and sustainable community, with Active Transportation as a key component of a safe, accessible, integrated transportation system linking where we live, work and play.

To present preliminary plans for ATMP projects, programs and policies, a Public Information Centre is being held. Please join us on

Saturday March 25, 2017
12:00 to 3:00 pm
Lakefield-Smith Community Centre
20 Concession Street

If you would like to learn more about the project and other engagement opportunities, please visit the County's website <http://www.ptbocounty.ca/en/living/active-transportation-master-plan.aspx>

Share your thoughts

We invite all interested persons to share their opinions on Active Transportation. Please note that all information gathered will be in accordance with the *Municipal Freedom of Information and Protection of Privacy Act*.

The County wishes to ensure that anyone interested in this study has the opportunity to be involved and to provide input. For more information, please contact:
