Re: Contract No.: T-2020-04

Daleview Road Reconstruction

Douro-Dummer, ON

Dear Sir/Madam:

Drain Bros Excavating Limited has been awarded, by the Township of Douro-Dummer the above noted contract to Reconstruct Daleview Road. Work on the project is scheduled to commence on or around September 8, 2020 with the completion on October 30, 2020. Find below information for specific issues that may arise in the course of construction.

Road Closure(s):

Traffic on the lower road section of Daleview Road will be closed allowing Local Traffic only. The upper section of Daleview Road (House # 768 to House # 807) will be reduced to one lane traffic by using Yield to Oncoming Traffic Signage. There will be no on-street parking available.

Garbage and Recycling Collection:

Garbage and recycling will be collected as per normal schedule. Please ensure that your garbage and recycling is at the street prior to 7:00am on your scheduled day of collection and that your garbage and recycling bins have your address marked on them. If the trucks are unable to access your driveway our forces will move them to a collection point and return them after collection.

Driveway Access:

Access to driveways will typically be maintained, however, access may be restricted when operations are directly in front of your property. We will notify residents as work approaches to ensure all vehicles are removed prior to driveways being blocked. Vehicles may need to be parked overnight in an adjacent location until temporary access can be restored to your driveway. Any vehicles parked overnight on the street, within the construction area, will need to be relocated prior to construction start (weekdays 7:00am to 7:00pm)

Safety Concerns:

Please be aware that the nature of the work involves deep excavations, operation of large heavy equipment, etc. Although areas will be fenced and full safety measures installed for the project, please ensure that children, etc. are kept at a safe distance from all work area.

The Township of Douro-Dummer has retained D.M. Wills Associates Limited as the Project Consultant. Should you require additional information, please do not hesitate to contact Naomi Farough, Manager of Construction Administration 705-742-2297 Ext. 253.

If you have any other special needs, accessibility issues or general inquiries about the project please contact the following:

Project Manager	Wayne Johnston	Cell: 705-872-2914
